1. **Entrepreneurial:** Design a marketing plan to promote the “We The Future Contest.” Please focus on one specific age group: Elementary School, Middle School, High School, College, Law School/Graduate School, Adult or Senior Citizen. Please submit your marketing plan via email to WeTheFuture2017@yahoo.com.
2. **Essay Background:** The Framers of the Constitution carefully constructed it to protect individual liberty and to restrain the power of the federal government. The Constitution is comprised of seven Articles which define and describe:
 - the three branches of the federal government,
 - the relationship between the federal government and the states,
 - various other aspects of the Constitution as the supreme law of the land and its preservation and amendment process.

In recent history, there have been many examples of the Constitution not being followed, as well as many instances of the Constitution being upheld and the separation of powers being enforced as one branch of government acts as a “check” on another branch’s power.

Essay Topic: In your essay, explain each of the seven Articles of the Constitution, and then:

- describe one recent example of the Constitution being ignored/an example of a branch of government ***exceeding*** its constitutional limits, and cite the relevant Article(s) of the Constitution.

OR

- describe one recent example of the Constitution being followed/an example of the separation of powers and system of checks and balances ***working*** in practice and cite the relevant Article(s) of the Constitution.

Essay must be no longer than 850 words, typed or handwritten. Essay entry may be mailed or submitted electronically, but MUST include student’s name, age and grade on every page of the essay. If submitted electronically, essay should be saved as a PDF and submitted via email to WeTheFuture2017@yahoo.com with the subject line: MIDDLE SCHOOLE ENTRY. If mailing, two copies of the essay and entry form must be included.

3. **The Song subject is:** “The Bill of Rights.” The song must be an **original** pop, country, rock, or other popular genre, song composition, lyrics and music, written by the student, no longer than 3:20. Song submissions should be uploaded to YouTube (640 x 360 minimum, HD preferred) or Vimeo (download enabled) and must include a video recording of the performance or a still photo with audio in background. The first line of the song description in the online submission must read: Submitted to Constituting America’s We The Future 2017 Contest www.constitutingamerica.org. The following must be emailed to WeTheFuture2017@yahoo.com: The completed Entry/Permission form with signed parental consent; YouTube or Vimeo link; and lyrics and music, with subject line: MIDDLE SCHOOL ENTRY. The student’s name, grade and age must be on each page of the song submission.

4. **STEM:** Using your creativity, develop some type of applied technology that can be used to promote the U.S. Constitution. It can be as simple as a random survey of students in your school testing their constitutional knowledge, to something a little more complex like designing an interactive computer game tied to some part of the Constitution or liberties it represents. Or you can construct an app or even a web site showcasing a particular aspect of the Constitution’s value in contemporary America, to your peers. The choice is yours. Please email us a summary of your project to WeTheFuture2017@yahoo.com, with the subject line, and depending on what you have developed/created, we will work with you on the best way to submit your project.

5. **The Still Photography subject is:** “The Constitution as America’s Greatest Strength.” Photo must be no bigger than an 8x10 and no smaller than a 4x6.
