What the constitution means to me
by: Abigail Olschewski 7 years old 1st Grade

Today I think of my freedoms
that the constitution gives me.

I can be an astronaut and go
up into space. I can be a
runner and run a 5 mile
race. I can be a teacher
and teach kids to love
learning. I can be a chef
and see the hot dog burning.

Little girls all over the world
don't have freedoms like me.

Thanks to the constitution I can be
What I want to be!
