

The Constitution Tree

By: Lucas Elliott

Age: 7

Grade: 2

Three branches on a tree
Holding it together free

One branch gives power to another
They all give power to each other

No chainsaw can stop it
That's why he had to drop it

The Executive, Judicial, and Legislative
These branches are always active

Checks and balances protect our lives
This way no dictator thrives

This makes our country great
This keeps us headed straight
