

## **A Union For Me**

Lyrics by Emmalisa Horlacher

Music by Corbin Jones

### VERSE 1:

In the past there was no chance

For a person to advance

Based solely on one's circumstance

Then there was a cry

For free thinker's in speech,

religion and assembly

Come together as brothers,

as one among many

They spoke out, they spoke about

The freedoms to make change

**CHORUS:**

That's why

I choose America

That's why

I choose to be one of her people

That's why

I choose America

'We the people' is a union for me

**VERSE 2:**

Through the smoke and rubble,

and the times of trouble

They learned, and grew

And created something new

A document for the citizens

Called the constitution

Made for their posterity

Which boils down to you and me

A document to keep us free

And help us to live in tranquility

**CHORUS:**

That's why

I choose America

That's why

I choose to be one of her people

That's why

I choose America

'We the people' is a union for me

**VERSE 3:**

The sovereign people

wear the crown

and they are not

The type to back down

We are the ones

with the power

to stop injustice,

or let it slide another hour

This is our nation

It's time I claimed my rights

**CHORUS:**

That's why

I choose America

That's why

I choose to be one of her people

That's why

I choose America

'We the people' is a union for me

A union for me

A union for me
